

## COUNCIL OF FOUR GIVES NO SIGN OF YIELDING TO GERMAN PLEAS

nothing more than that which President Wilson announced. We demand nothing more than that Americans place the fourteen points opposite the peace terms. We do not believe that anyone in the United States will then have the courage to claim that there can be found in the peace conditions one single trace left of President Wilson's program.

"And here begins America's definite duty to step in. America either must put its fourteen points through, or it must declare that it is unable to do so, or that it does not want to do so, so that in no case may the world be led to believe that America desires to have the peace conditions count as President Wilson's fourteen points."

"That is our demand, to which we cling, and we cannot imagine what argument from the American side would be effective against it."

The Peace Commission of the National Assembly met with the Cabinet last evening, the session being under guard and held in strictest secrecy. Even members of Parliament not belonging to the committee were barred. Bernhard Dernburg and Herr Wiesel, Minister for Social Policy, who have returned from Spa, participated in the discussion.

### \$3,000,000 GROUNDS BOUGHT FOR LEAGUE

Col. House Will Visit Geneva to Start the Work on Buildings.

(Copyright, 1919, by The Evening World Co. (The New York Evening World).)

PARIS, May 21.—Before returning to America after the work of the Peace Conference is over, Col. E. M. House is to visit Geneva, capital of the League of Nations, to lay the final plans for the erection of the buildings which will harbor the various offices of the League. Le Journal, which makes itself responsible for this statement, also publishes a long article by one of its correspondents who visited the future site of the League. Ground necessary for the installation of the League already has been acquired and, it is said, covers roughly 500 acres and cost some \$3,000,000. It is situated near Lake Geneva, at a place called Creux de Genthod.

A huge park will surround the various mansions, while lower in the valley lies the lake near which airships are to be built. On the plateau one of the most powerful of wireless stations will be installed. The whole of this ground, which stretches to almost a mile from the French frontier, is to enjoy the right of extra territoriality.

### IRISH PLEA TO WILSON.

PARIS, May 21.—The American representatives of Irish societies have requested President Wilson to give them a personal hearing on the application they desire to have made to the British Government for permission for Edward De Valera and other Sinn Féin leaders to come to Paris to present Ireland's case to the peace conference.

Their request was originally made to Secretary of State Lansing and by him referred to the President.

Prince of Wales Coming to Canada. LONDON, May 21.—Speaking at a Canadian dinner last night, the Prince of Wales said he would visit Canada within three months.

## REPUBLICANS PLAN TO QUIZ WILSON ON TREATY MAKING

Expect to Place President and Other Members of Peace Mission on Stand.

WASHINGTON, May 21.—Inquiry into the procedure by which the peace treaty with Germany was framed is planned by members of the Senate Foreign Relations Committee, it was learned today.

Republican leaders on this committee who said they have known for some time of the dissatisfaction among some of the American mission in Paris with portions of the treaty, said today they will:

1.—Request a complete transcript of all proceedings of the peace conference, including conversations of the "big four" if such a work is available;

2.—Ask experts attached to the mission to appear and explain how the Saar Valley, Polish, Italian and other settlements were reached and on what principles the President yielded to obtain allied sanction of the League of Nations;

3.—Ask members of the American mission, including President Wilson, himself, to furnish details not procurable from the above sources.

The member who today outlined this course of procedure as that contemplated by the Foreign Relations Committee declared that until the Senate knows what concessions were made, the treaty settlement was arrived at it cannot judge intelligently whether it will sufficiently secure the peace of the world to make it advisable for America to participate in a League of Nations.

### SHERMAN AND REED TO OPEN LEAGUE FIGHT

Illinois Senator Will Introduce Resolution Separating It From Peace Treaty.

WASHINGTON, May 21.—Senator Sherman of Illinois announced today that on Friday he would introduce a resolution in the Senate proposing separation of the covenant of the League of Nations from the Peace Treaty. The Senator plans to speak on his resolution and Senator Reed, Democrat, of Missouri, another opponent of the League plan, also expects to speak at that time.

Senator Sherman's resolution would declare it the sense of the Senate that the treaty and the covenant be considered separately so as to afford opportunity for a vote on each.

The addresses by Senators Sherman and Reed will be the first on the revised covenant at the extraordinary session of the Senate.

## AS 'DOUGH' GETTERS DOUGHNUTS MAKE FINANCIERS SIT UP

Thousands of Crullers Bring Stream of Money for Salvation Army Fund.

It's the day of the doughnut. The insignia of the Salvation Army is more powerful than the scepter of a Grand Duke. The humble cruller has come into its own, and as a fairy wand for raising banknotes, it has Wall Street sitting up and taking lessons. The doughnut is getting the "dough."

A year ago the McIntyre sisters were frying doughnuts for the doughboys on the battlefields of France. Now they are frying them with other sisters from France in New York, and the doughboys who used to get them for nothing are helping to sell them for a dollar up and down to help raise \$13,000,000 for the Salvation Army's Home Service Fund.

Leony, the celebrated chef of the Commodore Hotel is directing the turning out of crullers by thousands. Chief Sorens of the Baltimore, who was President Wilson's chef on the first trip of the George Washington, is making sizzling doughnuts for guests at a dollar a doughnut. All the waiters in the Bowman chain of hotels are selling them at the noon hour.

At noon today the members of the Stage Women's War Relief were in possession of the steps of the Sub-Treasury. B. F. Keith's Boys' Band of 250 pieces furnished music and doughnuts were sold by chorus girls from the Ziegfeld "Follies of 1919," "The Frolic," "The Royal Vagabond," and "She's a Good Fellow."

Mary Miles Minter, Olive Thomas, June Caprice and other movie stars forgot the silent drama in their appeals for the Salvation Army. The girls also sold tickets for the Hippodrome Sunday night, when the bill of fifty stars will be headed by George M. Cohan.

The McIntyre sisters were the big attraction at the Public Library, and while they talked about doughnuts, Mrs. S. Borden Harriman was selling them for \$1 each. Mrs. James Montgomery Flagg bought \$5 worth of crullers, made by Mrs. Vincent Amor, for Jimmy's lunch. She said her hubby just doted on doughnuts.

### SIEGE IN WEST PRUSSIA.

Territory Was Ceded to Poland Under German Treaty.

BERNE, May 21.—A state of siege has been proclaimed in West Prussia, according to a despatch received from Berlin today.

The greater portion of West Prussia is ceded to Poland under the German treaty.

## COMMANDER EVA BOOTH GIVING 'DOUGHNUT TALK' ON SUB-TREASURY STEPS

Miss Booth holds in her hand a doughnut cooked on a portable oven which was set up on the steps. Her pile of doughnuts went as fast as the "verbal hot cakes" in aid of the Salvation Army's \$13,000,000 drive.

## COUNTER REVOLUTION REPORTED IN BUDAPEST

Conspirators Arrested and Ammunition Seized—Intended to Form New Guard.

BUDAPEST, May 21.—A new counter-revolution was revealed here today. A number of alleged conspirators, including their leaders, were arrested and stores of ammunition were seized.

The conspirators, it was said, intended to organize a White Guard and occupy Budapest, arresting Bela Kun and other members of the Soviet Government.

The leaders were mostly former police officials, including two chief constables of Budapest. One merchant and several wealthy landowners also were arrested for complicity.

## DANIELS ADHERES TO HIS NAVAL PLANS

But Secretary Looks Forward to Time When Great Expenditures Will Cease.

WASHINGTON, May 21.—Secretary of the Navy Daniels will urge Congress to make provision for a permanent naval personnel of 250,000 officers and men. This recommendation was made to Congress at the last session. The House reduced the number to 225,000, but the Senate put it back to 250,000.

"As yet I am not prepared to say what my recommendations will be as to naval construction," the Secretary said today. "I have not conferred fully with the bureau chiefs. I hope to see the day when it will not be necessary to appropriate huge sums for naval armaments or compete with other nations in construction. I found this sentiment very strong in France and in England too."

### APPEALS TO WOMEN.

"While the new Victory Model Mitchell Six combines many improvements in design that include greater strength, more endurance, comfort and economy of operation, it is its refinement of detail that particularly appeals to women of taste," says George Stowe, President of the Mitchell Motor Car Company of New York.

"They are not only pleasing to look at but very comfortable to ride in and permanent in the excellence of their finish."

"Real leather is used for upholstery and interlaced hair which keeps its shape and does not wear down between the cushion springs. Four coats of shining varnish instead of the usual two are among the means taken to make the new Victory Model stay looking good."

### PLANS \$1,000,000 TAX SUIT.

State of Kentucky Asks Levy on Estate of L. V. Harkness.

(Special to The Evening World.) LEXINGTON, Ky., May 21.—A suit will likely be instituted shortly to recover approximately \$1,000,000 in taxes on the L. V. Harkness estate in this county, notwithstanding suits for back taxes on this estate were compromised here about two years ago for \$250,000. The matter is now before the State Tax Commission, and on its appeal suit will be brought. Decision is expected next Tuesday.

Giants to Try Out College Youth. GAINESVILLE, Ga., May 21.—Lance Richburg, third baseman on the University of Florida baseball team, has been ordered to report for a tryout with the New York Nationals at the close of the university year about June 1.

## ENGINE TROUBLE DELAYS FLIGHT OF NC-4 FROM DELGADA TO LISBON

(Continued From First Page.)

Azores, Lieut. Commander Albert C. Read was scheduled to leave there in the NC-4 at 3 A. M. (New York time) today for the last official leg of the Navy's transatlantic flight to Lisbon, Portugal, the first point on the mainland of Europe. Lisbon is 800 miles from Ponta Delgada.

It is now officially stated by Admiral Jackson in a report to the Navy Department that NC-1, after vain attempts to salvage her, was sunk at sea and now lies at the bottom of the ocean.

The NC-4, only one of the three naval airplanes to fly from Newfoundland to the Azores without mishap, made another astonishingly fine record yesterday.

Inquiry at the department today disclosed the fact that Lieut. Commander Read of the NC-4 is recognized as one of the best navigators in the navy. The fog which forced the NC-1 and NC-3 off their course also drove the NC-4 forty-five miles off the charted line. But Commander Read had a decided turn of luck, which, assisted by his recognized ability as a navigator, landed him safe at Horta, 15 hours and 18 minutes after he bade Tropassey, N. F., adieu.

Naval officials in general are confident that the NC-4 will complete the flight to Portugal and England. The only danger they can now see is a repetition of the sudden dense fog that drove all three planes off their course, or mechanical difficulties, no hint of which has developed so far.

It would appear from an early despatch sent by Admiral Jackson to the department that there has been some confusion as to the time used in sending messages. "Time used in sending messages is fifteenth meridian time," the Admiral cabled. In this case the difference in time between New York and Ponta Delgada, in so far as the timing of messages is concerned, is three hours. In cases where arrivals or departures are definitely stated as having occurred at certain hours G. M. T., Greenwich mean time, the difference between New York is four hours.

In one of his several despatches Admiral Jackson pays a glowing tribute to Commander Towers and the crew of the NC-4, declaring that their exploit in bringing the damaged plane to Ponta Delgada after three days on the water was a "most remarkable exhibition of pluck, skill and seamanship."

Gen. Pershing has sent this cablegram to the Navy Department through the War Department: "Please accept my congratulations and those of the entire American expeditionary force on the magnificent feat of the naval aviators who have added another brilliant page to American achievements and to the proud record of the navy."

Flyers at St. John's Give Up Hope for Hawker.

ST. JOHN'S, N. F., May 21.—Hope for the safety of Harry G. Hawker and Commander Mackenzie Grieve, was virtually abandoned today by the British flyers preparing here to take wing in their wake. News of the safety of the NC-3 after being so long on the water had been a source of encouragement, but it is recognized that Hawker-Grieve machine carried only a cockpit shell emergency boat as compared with the stout hull of the American naval plane.

### Army Airplane Wrecked by Engine Trouble.

LANCASTER, Pa., May 21.—The army airplane in which Lieut. Lewis was flying from Aberdeen, Md., to Wilkes-Barre was wrecked today owing to engine trouble. Lewis escaped injury.

### Wants NC-4 to Stop at Ferrol.

LISBON, May 21.—An American naval officer has arrived from Madrid to ask the American commander here, on behalf of the Spanish Government, that the American seaplane NC-4 touch at Ferrol, resolve itself north of Coruna and 225 miles north of Lisbon, on its way to England.

### Mrs. Wilson Didn't Fly.

PARIS, May 21.—A statement appeared in one of the Paris morning papers today to the effect that Mrs. Wilson, wife of the President, had made a trip yesterday in an airplane over Versailles and its suburbs.

This statement was authoritatively denied this morning at President Wilson's Paris residence.

### New Yorkers in Charge of Shipping Board Finances.

WASHINGTON, May 21.—Waldo S. Reed, New York treasurer of the United States Shipping Board, today was elected vice president of the Emergency Fleet Corporation in charge of finances. A new office created under Chairman Hurley's re-organization plan.

### Poles Capture Galician Town.

WARSAW, May 21. (Associated Press).—Drohobycz, Boryslaw and Mikolajow have been captured by the Poles in their campaign in Galicia, according to an official statement issued at state headquarters here today, which adds that the Poles have crossed the Dniester river near Rosadow.

### These Salaries Exempt From Income Tax.

WASHINGTON, May 21.—The Internal Revenue Bureau's holding that salaries of State officials and employees of counties, cities and other subdivisions of a State, are not subject to Federal income taxes, was upheld today by Attorney General Palmer.

## MRS. READ HAS EARNEST FAITH HER HUSBAND WILL FINISH FLIGHT WITH NC-4

Commander's Wife Cannot 'Fancy Him Having Nose Dive or Anything Like It.'

WASHINGTON, May 21.

"I have the most earnest faith and belief, not founded altogether on hope, that my husband will complete the trip across the Atlantic in the NC-4," Mrs. Albert C. Read, wife of the commander, said here today. She had heard of his arrival at Ponta Delgada, but had received no direct word from him. "I trust him not to start until the weather indications are absolutely favorable," she added. "I do not want him to run into another fog and do not fancy him having any nose dives or anything like that."

## RAYNHAM SURE PLANE CAN BE MADE FIT TO TRY ATLANTIC FLIGHT

Skeleton of Machine Set Up in Repair Shop to Be Re-assembled.

ST. JOHN'S, N. F., May 21.—The skeleton of Frederick R. Raynham's Martinsyde plane, stripped of its covering of linen and veneer, was set up in a repair shop today to be re-assembled. It seemed a slight structure for the burden assigned to it, and with the forward parts wrenched and torn, a vehicle of doubtful strength to brave a passage of the upper regions of the Atlantic.

This view is held by Capt. C. W. F. Morgan, who said today he could not put his former faith in a machine so damaged as the Martinsyde was in the crash of Sunday. His statement indicated he would not fly with Raynham in a second attempt to win fame, for which the machine is being rebuilt.

Capt. Morgan said he did not concur in the opinion of physicians who told him the injuries he suffered Sunday had put an end to his flying days. He said when he recovered from his injuries he would make an effort to obtain a new plane and start an independent flight for the British Isles.

Raynham believes his machine could be made fit to fly, either with a new engine or with the old one. His opinion is based on an inspection of the motor by experts who said it had suffered little in the accident and could be put in shape for the great test demanded of it.

An attempt is to be made by the several expeditioners here preparing for flights to obtain more satisfactory weather reports than heretofore obtained. Meteorologists of the expedition met last night and considered defects due to transmission delays, and a request will be made of the British Air Ministry for more voluminous reports.

As an instance of the dangers of delayed information, it was said the minor depression reported near the Azores before Harry Hawker set out Sunday had grown to tremendous storm proportions before the next report arrived Sunday night. It was added that had intermediate reports been made and forwarded promptly the missing aviator might have been warned in time to avert disaster.

### REDS ORGANIZING FORCES.

Mobilize All Men Under Forty and Requisition Horses. STOCKHOLM, May 21 (United Press).—A Swedish correspondent in Petrograd reported today that a "Proletarian Defense Committee," headed by M. Zinoviev, has been formed there.

The committee, he said, had ordered mobilization of all men under 40 and had requisitioned all horses for the Red armies.

### Prince of Wales Visits Canada Next August.

OTTAWA, May 21.—The Prince of Wales will visit Canada next August and will take part in ceremonies incident to the opening of the new Parliament Buildings. It was announced here today.

### City Hall Park Concert.

The first of what are to be known as the Mayor Hyman People's Concerts was given at noon today in City Hall Park by the New York Military Band. Edwin Franko Goldman, conductor. The police band served as an escort and guard of honor. Mme. Alma Clayburg sang soprano solos.

## AUSTRIAN DELEGATE IS SENT BACK HOME

Judge Schumacher Had Given Offense to Italians by Course at Trieste.

ST. GERMAIN-EN-LAYE, May 21. (Associated Press).—Judge Schumacher, attached to the Austrian delegation as a representative of Tyrol, has left for Vienna.

The presence of Judge Schumacher caused much unfavorable comment because of his repressive activities against the Italians at Trieste, where he was stationed during the war. The French press gave him the nickname of "the hanger-on of Trieste," and the Italians here showed decided irritation because he was a member of the Austrian delegation.

It is believed that Chancellor Karl Denner, whose role here will evidently be one of friendly understanding, if possible, has retired Judge Schumacher to avoid trouble.

## SENATE ASKS FOR DATA ON THE ARMY OBJECTORS

Resolution Instructs Baker to Give All Facts Regarding Their Treatment.

WASHINGTON, May 21.—Secretary Baker will be instructed to furnish to the Senate all possible details regarding the treatment accorded to conscientious objectors during the war. Many Senators desire to ascertain whether this class of men received preferred treatment. Secretary Baker, it is said, pursued his own policy in regard to this class of soldiers and issued secret orders in connection with them.

Senator Kellogg of Minnesota late yesterday afternoon introduced a resolution which said: "The people of the United States, and particularly those who served faithfully in the military service, are entitled to a detailed report, and called on the Secretary for a complete and detailed report of the treatment of conscientious objectors, which report shall set forth names, dates of confinement and dates of discharge, amount of compensation awarded each individual and the character of the discharge granted in each instance. Senator Jones, Republican, of Washington, has introduced a bill to expel all aliens who withdrew their citizenship applications in order to evade military service."

## PRINCESS OF BRAGANZA TO VISIT MOTHER IN N. Y.

Half-German Royal Husband of American Heiress Was Officer in Kaiser's Army.

Princess Miguel of Braganza, one of the few American women who have married princes of the royal blood, is expected in New York soon on a visit to her mother, Mrs. Jean de Saint Cyr. She will bring her three children with her. Her husband, who was mentioned as a possible pretender to the throne of Portugal, was an officer in the German Army. He is half German.

The Princess was Miss Anna Stewart. At the time of her marriage to the Prince, in Scotland in 1909, her mother was the widow of James Henry ("Silent") Smith, who left her part of his fortune of \$30,000,000.

## WILSON THANKS CONGRESS.

Appreciates Courtesy of Cabling Him Notice of Meeting.

WASHINGTON, May 21 (United Press).—President Wilson today cabled an answer to the Senate and House committees which notified him of the convening of Congress.

The message to the Senate, sent through Counsellor Polk of the State Department, read:

"Please express my appreciation to the Senate committee of its courtesy and say that I have communicated with Congress in the usual manner through the message presented yesterday and express the hope that I may soon be present in Washington to communicate to them full information with regard to international relations. Secretary Tamm was requested to communicate the same message to the House committee."

### Airline Freight Service In Cuba inaugurated.

HAVANA, May 21.—Augustin Parla, the Cuban aviator, and John Green, American mechanic, inaugurators of the first Key West-Havana airline freight service, landed safely yesterday with their cargo at Marianna Beach.

## BURLESON READY TO QUIT IF PRESIDENT SAYS SO

Will Tender Resignation, It Is Said, as Soon as Wilson Returns From France.

(Special to The Evening World.) WASHINGTON, May 21.—It is learned from reliable sources that an Administration official had a talk with Postmaster General Burleson this week and was told by Mr. Burleson that he would see the President and tender his resignation immediately on Mr. Wilson's return to the White House next month, if his Chief indicated a willingness to accept it.

The Postmaster General wishes to ascertain if the nation-wide campaign against him has impressed President Wilson.

The fight on Burleson has been growing more widespread in recent weeks, and members of Congress returning to Washington almost without exception report sentiment in their districts running against the Cabinet member. If the President feels that Burleson is an incubus as will have opportunity to get rid of him soon.
